- Acting as a force to create positive, lasting change in our communities.
- Empowering millions of voters to exercise their right to vote and to have that vote count.
- Bridging the partisan divide by fostering civil discourse on topics of community interest.
- Educating citizens on important issues from healthcare and climate change to immigration and affordable housing.
- Advocating for positive change at the local, state and national levels on issues that impact us all, such as land use, education reform and government transparency and accountability.

We do not support or oppose candidates.

Our members are men and women who make a visible difference. They serve as community leaders who are using their experience to make democracy work and create lasting change in the communities in which they live.

My greatest desire is to learn and LWV has turned out to be the most informative of all the organizations I joined when I retired! As a League member, I'm able to work on interesting projects that are important to me and to my community.

League members care about their community, state, nation and world by putting that concern into action. The camaraderie is wonderful. The League gives me a satisfaction that many working together can really make a difference.
