Community & Tech College Voter Registration
Local League Application for Pass-thru Grant Funds

Thanks to a generous grant from the League of Women Voters Education Fund, LWV Ohio is able to offer pass-through grants for local Leagues and At-Large Units to increase voter registration at community colleges and technical schools.

Project Description: LWV Ohio is looking to partner with local Leagues and At-Large Unit to increase voter registration rates at Ohio community colleges, technical schools, and satellite campuses --- all of which are areas that tend to receive less attention than “traditional” 4-year colleges and universities and that typically include underserved voting populations.

Increase voter registration opportunities at these schools by working with administrators to incorporate Online Voter Registration into orientation, course registration, and other general campus services. Our goal is to reach a total of 6-8 institutions in the 2017-2018 academic year.

Local Leagues and At-Large Units that have relationships at these schools and would like to partner with us on this effort are encouraged to apply.

Funding: LWVOEF is offering \$100 pass-thru grants. Grants will be awarded on a first-come, first-served basis until funds are exhausted, so Leagues are encouraged to apply early.

Requirements:

- Work with LWV Ohio to develop and carry out a campus outreach plan. Regular communication and coordination with the LWVO office. Sample materials are available.
- Submit a report to LWVO by April 1, 2018 that includes voter registration numbers, implementation outcomes, and any best practices to share with other Leagues doing similar outreach.
